PROFILE

Technical writer making complex systems clear. 5+ years shipping docs that reduce tickets and speed onboarding — across startups and enterprise.

EMPLOYMENT HISTORY

Freelance Technical Writer

Self-employed — 2023 — Present

Writing docs, API references, and release notes for SaaS products. Built documentation-driven projects.

Technical Writer

EVORA Global — Edinburgh — 2022 — 2023

Documented SIERA, an ESG platform. Wrote API reference, data gap analysis guide, and net-zero carbon methodology.

Technical Writer & Support Engineer

Transloadit — Remote — 2019 — 2022

Wrote developer docs for a file-processing API. Documented face detection, smart CDN, DigitalOcean import, and template credentials. Triaged support tickets.
